RING SIZE GUIDE

Before measuring your ring size, make sure this guide is printed on A4 size paper and scaled to 100%. Verify the size of your print by positioning a credit card on the line below. If the card lines up, you're all set.

Option 1: Measure Your Ring Size Below

To find your Shiny Rock Polished ring size, use an existing ring that fits you well. Match the inside of your ring with one of the sizing circles indicated below. Once you have found the right fit, you should see only the white circle with none of the black appearing inside your ring. If your ideal fit falls between two sizes, we recommend choosing the larger of the sizes.
